Kill Them and Sell Them.
Busy Old Wall Street.

sarily in consonance with the policies of The
Review.]

BANKERS offered \$5,000 for any
bank robber dead or alive, especially
dead. Capt. Hamer, of the Texas
State Rangers, says that four dead
bank robbers for which Texas bank-
ers paid \$20,000 "were lured into bank
robbing jobs by a man who directed
them, gave information to the police,
and privately shared the rewards for
killing them."

Organization of a "murder machine"
that starts men robbing banks in or-
der to get \$5,000 apiece for their
corpses, is said to worry the Texas
bankers. It might.

ON Monday Wall Street broke all
records selling more than 3,000,000
shares. In one day the value of
stocks traded in increased by a bil-
lion dollars.

Tuesday the stock market again
broke its own record, selling more
than 4,000,000 shares.

Some poor bears were badly torn
and twisted in the whirlwind. Don't
tell this country short. It's expensive.

A NEW career is open to energetic
salesmen. Capt. Gordon Smith, for-
mer army aviator opens the way, in
an airplane lent to him and co-piloted
by Richard Wall.

Capt. Smith will visit 40 American
cities in a 9,000-mile flight, selling air-
craft advertising for the New York
American. Other newspapers may
want to borrow the idea.

MR. WALL, wealthy Toledo busi-
ness man, lends his aircraft to Capt.
Smith and pilots it "for the fun of
flying." The plane will carry an op-
erator and broadcasting apparatus in-
stalled by the Radio Corporation of
America.

Before long airplanes will simplify
the traveling salesman's work, elimi-
nating time and distance, multiplying
the salesman's value and earning
power by three.

CARDINAL MUNDELEIN, of Chic-
ago, received by the Pope, on Monday,
presented to the head of the Catholic
religion a check for \$1,500,000, con-
tributed by American Catholics to "aid
in propagation of the faith."

That complete separation of church
and state does not injure religion is
proved by the fact that American
Catholics are the most generous con-
tributors to their church.

STEFANSSON, eating nothing but
meat in a test, finds that it agrees with
him. Men in the Arctic circle eat only
meat the greater part of their lives,
and thrive. Man is an adaptable ani-
mal, can live on the equator, the ther-
mometer at 140 above, or in the Arctic
at 60 degrees below zero. He can eat
and live on almost anything.

BUT what man needs and ought to
have is a much mixed diet. His job
here is to cultivate the earth. And to
make him work Providence has given
him a palate that craves all of the
earth's products. An all carnivorous
or an all vegetarian diet is bad.

THE house postoffice committee
recommends a cut of \$10,000,000 in
postoffice charges. The one-cent post
card will be restored, third and fourth
class postal rates reduced.

The suggestion is a good one, if only
because it shows that the government
knows how to run a postoffice well,
even if it can't run railroads, steam-
ships and such difficult enterprises.

ADMITS MURDER TO SAVE SON

Mother Confesses After
Boy Serves Six
Years.

NEW YORK, March 15.—Tortured
by the thought of her son languishing
in a prison cell for a crime which she
says she did not commit, Mrs. Minnie
Reisler today confessed the murder
six years ago of her sister, Mrs.
Bertha Katz.

Mrs. Reisler declared in an affi-
davit that she shot her sister to ter-
minate a liaison between Miss Katz
and her husband, known as "John the
Barber." Broadway sporting character
and one-time manager of Jack Demp-
sey.

Although Mrs. Reisler admitted the
shooting of her younger sister soon
after it occurred on July 26, 1922, her
son Morris, then 24, insisted on plead-
ing guilty.

Morris was sentenced to 20 years
to life imprisonment in Sing Sing.
He has already served six years of
that sentence.

GAS MAIN BREAK HITS WELLSVILLE

Wellsville was without gas for about
two hours this morning owing to a
break in the eight-inch feed main in
the Ohio river near the American
Sheet & Tin Plate company's plant.

Gas later was furnished through an
other main.

A diver from Pittsburgh was to ar-
rive here this afternoon to repair
the broken main which is under sev-
eral feet of water.

Stockholders and Other
Creditors Made Liable
Under Receivership
Named Defendants.

CASE GETS PLACE ON MAY DOCKET

Attorney G. L. Bam-
brick, Acting for Fed-
eral Examiner and Re-
ceiver, Files Action.

An equity suit comprising
claims which approximate \$50,-
000, and involving the affairs of
the insolvent First National bank
of New Cumberland, W. Va., was
filed with Clerk John H. Conrad
in United States district court at
Wheeling yesterday afternoon.

May Levy on Property.

Stockholders of the bank and other
creditors made liable under the re-
ceivership established when the bank
was closed are listed among the de-
fendants. H. A. Graham, federal bank
examiner, and receiver for the bank,
is plaintiff in the action, which will
be included in the equity docket for
the May term of federal court. Wheel-
ing banks, corporations and individ-
uals are included in the list of de-
fendants.

The bank was capitalized at \$50,000,
of which amount the estate of the
late John A. Campbell, former pres-
ident of the institution, held \$29,700.
The shares have a par value of \$100
each.

It is set forth in the declaration
which accompanies the action that ef-
forts will be made to levy upon cer-
tain properties owned by the stock-
holders of the bank, to insure collec-
tion of the double liability assessment
and requisition levied by the com-
ptroller of the currency at Washington.
It is alleged that real estate owned
by heirs and the executives of the es-
tate of the late John A. Campbell has
an assessed valuation equal to the as-
sessment levied by the government.

The double liability assessment was
made December 15, 1928, upon the
shareholders of the insolvent bank, for
a total of \$50,000, to be paid on or
before January 23, 1928.

John A. Watson, C. S. Bradley,
George W. Marshall and the J. R.
Donohoe estate have paid the assess-
ment. Under the federal banking
laws the shareholders are liable to
the loss of the stock, and to pay in an
equal amount of the stock held to re-
imburse depositors in the bank for
loss through disintegration of assets.

Bambrick Files Suit.

Attorney G. L. Bambrick, of New
Cumberland, counsel of Receiver Graham,
filed the suit.

The list of defendants, including the
shareholders and the number of
shares held by each, as well as others
the receiver claims are liable, fol-
lows:

John A. Brandon 10; James E.
Brandon, 33; James E. Brandon, Jr.,
59; Naomi P. Campbell, 169; John A.
Campbell, Jr., 14; Constance C. Gar-
lick, Thomas J. Garlick, James A. Gar-
kenzie, 10; John A. Watson, 4; Na-
omi P. Campbell, administratrix, and
John A. Brandon, administrator of the

MOTORIST FINED, MUST QUIT CAR

"Doc" Cason, Avondale street bar-
ber, was fined \$100 and costs, \$50 of
which was suspended upon condition
that he refrain from driving an auto-
mobile, when he faced Municipal
Judge J. C. Hanley today, charged
with operating a motor vehicle while
intoxicated. Judge Hanley warned
Cason that if apprehended driving an
automobile, he would be committed to
the county jail "for a few days."

According to court officials this was
Cason's second offense.

373 KNOWN DEAD AND MISSING AS FLOOD ZONE IS SEARCHED

Uncover Bodies of 12
More Santa Clara
Victims.

PROBE DISASTER

Seek to Fix Blame
for Bursting of
Dam.

LOS ANGELES, March 15.—As
daylight broke over the rugged peaks
of Santa Clara valley today and 3,000
mounted and foot men resumed their
search, the bodies of 12 additional
flood victims were uncovered, swelling
the total to 373 of known dead and
officially missing in the St. Francis
dam break.

Simultaneously seven separate in-
quiries were under way to fix the
blame for the bursting of the huge
concrete dam shortly after midnight
Tuesday, which hurled a tidal wave of
water 60 to 100 feet high down the
narrow San Francisco canyon and
over the fertile Santa Clara valley,
drowning hundreds of sleeping fami-
lies and leaving \$12,000,000 destruc-
tion in its wake.

Workers in the flood area today
were confronted by the four-fold task of:

- 1.—Systematic identification of the
recovered dead.
- 2.—Rehabilitation of hundreds of
homeless survivors.
- 3.—Enforcement of sanitation meas-
ures to prevent epidemic.
- 4.—Reconstruction of property.

Coroner's Investigation.

Probably the most far-reaching in-
quiry of the seven investigations un-
der way is the one begun by Coroner
Frank A. Nance, who announced he
would engage engineers and geolo-
gists to gather expert testimony to
fix the responsibility of the heavy loss
of life in the disaster.

Arrests would be demanded, Nance
said, if anyone should be found guilty
of criminal negligence as a result of
the crumbling of the massive dam.

Personally supervised by Chief En-
gineer William Mulholland, builder of
the 180-foot structure, who wept when
he first learned of its destruction, the
investigation by the Los Angeles Bu-
reau of Power and Light also has em-
ployed the services of a trio of noted
geologists to determine the cause of
the break. Authorities of Ventura
county, whose boundaries were swept
by the flood, have instituted a sepa-
rate inquiry while independent engi-
neers were ordered by State En-
gineer Edward Hyatt and the state rail-
road commission.

City To Pay for Funerals.

Another investigation by the city of
Los Angeles was launched when the
city council took steps to obtain the
services of Ellwood Mead, chief of the
reclamation service of the United
States department of interior, as chair-
man of a committee of engineers, re-
commended by the American Society of
Engineers, with headquarters in New
York, to probe the cause of the dam
break.

A seventh inquiry is being conducted
by City Attorney Jess E. Stephens,
who is investigating the legal aspects
of the situation.

While many flood sufferers were
demanding reparations, Mayor George
E. Cryer gave the first assurance that
Los Angeles would render all of the
financial aid possible in announcing
the city will pay for the funerals of
the recovered dead.

Senate's Inquisitors are

CHICAGO, March 15.—A picture of
Republican opulence in which rich
business men made lavish gifts to the
Republicans, was revealed today at
the senate's inquiry here into what
became of the Continental Trading
company's \$3,000,000 Liberty bond
slush fund.

William Wrigley, Jr., the multi-
millionaire baseball and chewing gum
magnate, gave the Republicans \$61,-
000 between 1920 and 1924, according
to William Henry Stanley, his secre-
tary.

Stanley denied though that Wrigley
had received any of Henry F. Sin-
clair's Liberty bonds in return for
his cash gifts.

Senator Nye, Republican, conduct-
ed the examination of witnesses, Ed-
ward Hines, wealthy lumberman, the
first witness, told of giving the Re-
publicans about \$12,500 over the same
period. He told first of giving \$2,000
in 1920.

Hines said all his records of Re-
publican contributions prior to Octo-
ber 1924 had been destroyed by a
fire in December last year.

He said he owned Liberty bonds
but that he had not received them

GIRL RUN DOWN BY AUTO DRIVER

Miss Helen Bennett, 23, daughter
of Mr. and Mrs. S. S. Bennett, Riv-
erview street, sustained a slight con-
cussion of the brain and injuries to
her right hip and back when she was
struck by an automobile driven by
Edwin Davis, Bradshaw avenue, near
the China Works plant of the
Knowles, Taylor & Knowles pottery,
at 4:30 o'clock yesterday afternoon.

Davis, driving the car owned by his
father, C. W. Davis, was traveling
west in Bradshaw avenue, after pass-
ing a north-bound Grandview street
car, when Miss Bennett, a decorator
at the K. T. & K. pottery, started to
cross the street.

Davis stopped the machine and took
the girl to the hospital. Her condi-
tion today was improved.

FEAR BRITISH AIR ACE AND ELSIE MACKAY FELL IN OCEAN

Flyers Probably Met
Fate of Nungesser
and Coli.

PLANE NOT SEEN

Falsity of Reports From
New Brunswick
Established.

By James L. Kilgallen.

NEW YORK, March 15.—
Elsie Mackay, pretty, steel-nerved
daughter of an English lord,
and Captain Walter Hinchcliffe,
who brought down seven enemy
planes during the war and lost
an eye doing it, have met the
tragic fate of Nungesser and
Coli, and other brave souls who
essayed a westward flight across
the Atlantic ocean, in the opinion
of almost everybody who have
been waiting word of them for
hours.

No Word in 53 Hours.

Hope that Miss Mackay and Capt.
Hinchcliffe are alive was practically
abandoned this morning when the
falsity of numerous vague reports
that they had been sighted was estab-
lished. One report said a plane which
might have been Hinchcliffe's had
been forced down near St. Johns, New
Brunswick; another that the plane
had been observed near Annapolis,
New Brunswick, and a few other
equally vague. These reports served
to buoy hopes of the watchers, but
that was all.

At 8:30 o'clock this morning, 53
hours had passed since the take-off
and at that hour nothing bearing defi-
nite confirmation that the plane had
succeeded in crossing the Atlantic
had been received. No exact and defi-
nite sighting of Hinchcliffe's Stinson-
Detroit monoplane Endeavor, at-
tempting a flight from England to
Philadelphia, had been made since
Tuesday noon when it was seen by
a seaplane 170 miles off the Irish
coast.

Forced Down by Sleet.

Experienced aviators and meteor-
ologists familiar with the dangers at-
tending a flight from Europe to
America expressed the belief that the
daring couple had not reached mid-
Atlantic. It was regarded as likely

G. Y. TRAVIS, BANKER, WEDS

Miss Esther Leva Bride
of Savings Company
Chief.

Miss Esther Elizabeth Leva, daugh-
ter of Mr. and Mrs. George Leva, of
Avondale street, became the bride of
Attorney George Y. Travis, president
of the Union Savings and Loan com-
pany and former chieftain of the Ohio
Pennsylvania Baseball league, at 10
o'clock this morning in St. John's
Lutheran church. The ceremony was
performed by Dr. J. G. Reinartz.

The attendants were Mr. and Mrs.
Walter P. Stier.

The bride, who is a graduate of the
Ohio Valley Business college, was
gowned in peach Russian lace and
Chantilly lace. She carried a
shower bouquet of bride's roses and
lilies of the valley. Previous to her
marriage she was employed as a book-
keeper by the Ohio Power company.

The matron of honor was gowned
in Swiss rose crepe and carried a
bouquet of Ophelia roses.

Following the ceremony the bridal
party motored to Salem, where a
wedding breakfast was served at
Quaker Inn, after which Attorney and
Mrs. Travis left for a honeymoon
through the east. They will be at
home to friends after April 1 at 730
Avondale.

DEMOCRAT QUILTS TARIFF BOARD

WASHINGTON, March 15.—Official
Washington gasped today over the
resignation from the tariff commis-
sion of Commissioner Edward P. Cos-
tigan, Democrat and last of the origi-
nal Wilson appointees. President
Coolidge accepted the resignation.

Cosigan's resignation, accompa-
nied by the publication of a letter he
wrote senator Joseph T. Robinson,
(D.) of Arkansas, replete with per-
sonal attacks on his fellow members
of the commission and President
Coolidge himself, was the culmination
of a controversy over the activities
of the tariff body for more than two
years.

President Coolidge's course in re-
fusing to act when "decisive" evi-
dence showed that certain tariff rates
should be lowered, Cosigan said in
his letter to Robinson, "Helped to
wreck the commission's usefulness."

PARIS AND NEW YORK FASHIONS SHOWN IN STORES AS SPRING DISPLAY DAYS ARE USHERED IN

Paris and New York fashions
were shown in East Liverpool to-
day, when the three day Spring
Display exposition, under the aus-
pices of the Retail Merchants'
division of the Chamber of Com-
merce, was ushered in.

Shades in the windows of the
stores were raised at 7 o'clock
last night, displaying in part the
styles which Dame Fashion has
decreed shall be worn during the
spring and summer season of
1928.

Haberdashers and dealers in
men's wearing apparel are well
prepared to show what the sea-
son's styles will be. Suits, top
coats, hats, etc., are within the
reach of every pocketbook.

Other merchants taking part in
the campaign includes dealers in
dry goods, women's and children's
wearing apparel, shoes, millinery
and household furnishings.

Many out-of-town shoppers will
be here for the three-day event.
The Fare Refunding association
will refund street car and train
fares to visitors from Midland,
Vanport, Irondale, Salineville,
New Cumberland, Toronto, Em-
pire, Lisbon and other places in
the tri-state district.

Merchants will issue courtesy
cards for the accommodation
of those who drive here in their
automobiles. This card will per-
mit them to park any place for
any length of time so long as it

does not interfere with traffic,
without fear of molestation on the
part of the police for parking vi-
olations.

All stores presented an attract-
ive appearance today with the ar-
ray of fashion's creations.

Skirts are a bit longer, and the
waistline slightly raised. One of
the smartest models is a sports
ensemble of canary yellow, with
pleated skirt of yellow wool and
silk mixture.

An ensemble of red and white
also is one of the attractions of
the season, the skirt being of
white satin with a collar of an-
gora.

The afternoon frocks for card
parties and matinees are featured
in printed silks of futuristic pat-
terns—taffets and chiffon with
flower designs and a number of
plaid designs.

A brown costume with a pleat-
ed skirt of printed silk and a waist
of solid brown opening down the
front with the printed silk show-
ing the V effect, is sure to com-
mand considerable interest and
admiration.

One of the conservative models
is a dark blue silk and wool, the
only trimmings being pockets of
coral and gold. It is worn with a
small hat of blue.

Featuring the afternoon gowns
are soft materials in solid colors
and printed designs, the printed

georgette being of purple and red.
An imported frock of printed geor-
gette is of purple and red, and
made along soft becoming lines.

There is an afternoon frock of
gray, with skirt trimmed around
the bottom with metal and hat,
shoes and stockings worn with the
costume were of gray.

A three-piece frock of black taf-
feta with old-fashioned flower de-
sign is sleeveless, and worn with
a coat to match.

Many of the evening gowns are
period costumes. One was of black
Chantilly lace and flesh-colored
chiffon; the full skirt was of lace
over fresh-colored chiffon, the

HANCOCK COUNTY IN CATTLE AREA

Hancock is one of the nine accredited cattle counties of the state, according to a statement issued yesterday by John W. Smith of Charleston, commissioner of agriculture.

Other counties are Ohio, Wood, Marshall, Kanawha, Harrison, Lewis, Wetzel and Mercer.

Commissioner Smith declared that he was hopeful that at least 21 counties would be included in the list in the near future.

A county becomes accredited when only one-half of one per cent of the cattle react to tests for bovine tuberculosis.

Short Talks by Thoughtful Mothers
A Wisconsin Mother says: "I find mothers very well informed on the subject of 'dope' in medicines. Few mothers now-a-days would buy a preparation that contained opiates or chloroform. A glance at the package before buying tells her this. With Foley's Honey and Tar Compound, the name tells a true story. It is quickly effective for coughs, colds, croup and throat irritations. Pure as it is sure, and worth many times its price." Carnahan's 3 Drug Stores.

Foreign War Veterans Making Drive for Pension Bill

KANSAS CITY.—Forces of the Veterans of Foreign Wars of the U. S., under the leadership of state legislative chairmen, are to be marshalled for a concerted drive in behalf of a world war service pension bill for disabled veterans, now in the hands of the house committee on pensions in congress.

Edwin S. Bettelheim, Jr., chairman of the national legislative committee, sent out an appeal from national headquarters here today urging every V. F. W. post to contact its respective senators and congressmen stressing the need of such legislation.

The pending measure, known as H. R. 9135, contemplates pensions for disabled world war veterans suffering from disabilities incurred in the service but thus far excluded from Veterans bureau compensation.

FOOD GROWS HAIR ON BALD HEADS

Scientists have found that baldness comes from lack of necessary food elements that the human hair requires. "Foods found in Mother Earth grow, nourish and retain hair," says P. A. Thomas, 1169 America, Fore Bldg., Chicago, the world's leading hair specialist who operates over 40 treatment offices in the U. S. and Canada. He further states that hair roots always stay alive and that in 85% of cases where hair is falling or baldness has set in, a growth of new hair can be had in a short time by following his simple directions. He will gladly explain his method without cost to those interested in restoring or saving their hair. Write him today.

Lord Sandon Offers Poor Boxes to Help Britain Pay War Debt

LONDON. — Following the recent mystery gift to the government of £2,500,000 towards the reduction of England's National debt of over \$35,000,000,000, many schemes are being put forward by which it is urged the debt could further be reduced.

The latest of these emanates from Viscount Sandon, member of parliament from the Salop division of Shrewsbury, who is urging Chancellor of the Exchequer Winston Churchill to place boxes in postoffices and other suitable places where odd change can be dropped in to go towards the reduction of the debt.

There is little possibility of the scheme being adopted.

Meanwhile the exchequer continues to receive gifts of \$5 and upwards from anonymous English people with the request they be applied to debt reduction.

Those sentenced to imprisonment for a period less than three months and more than five years must not be sent to a Jail Labour Company.

The new regulations are signed by the commandant of police and approved by Lord Plumer, the High Commissioner.

WOMAN'S GREATEST CHARM DECIDED

Hollywood agrees no one can star without Smooth Skin

LOS ANGELES, CAL.—The public demands exquisite smooth skin in women, say the leading film directors. No girl without a beautiful smooth skin has ever proved popular enough to star. They can't pass the test of the close-up without "Studio Skin," as it's called in Hollywood!

Under the strong blazing Klieg lights the slightest imperfection will show. "The cleverest make-up cannot fake beautiful skin under the blazing lights of the close-up," as Lewis Milestone, United Artists director, expressed it—"it must be the real thing."

Nine out of ten stars are using Lux Toilet Soap. And in the dressing rooms of the big film companies it is also the "official" soap. Made by the method France developed for her finest toilet soaps, it gives the skin a wonderful smoothness. "Lux Toilet Soap certainly gives my skin that lovely smoothness we mean by 'Studio Skin,'" says Doris Kenyon, the First National star. Lux Toilet Soap is made by Lever Bros. Co., Cambridge, Massachusetts.

Neighbors admire the whiter washes

that I get with this hard-water soap

I'm proud of my whiter washes. Not only because they're the whitest ever, but because I do them so easily.

All I use is Rinso. This famous granulated hard-water soap makes our hard water soft as rain—and so sudsy. It's marvelous to see how these lasting suds loosen the dirt and stains.

Why, when I take the clothes from the washer, they're spotless.

I don't even bother about boiling any more. Rinso washes things so sweet and sparkling.

I don't wonder so many washing machine demonstrators use Rinso—and that the makers of 32 leading washers endorse it for safety. I'd certainly advise every woman to keep the BIG package of Rinso handy. Get it today from your grocer.

KEEP LOOKING YOUNG

The secret of keeping young is to feel young—to do this you must watch your liver and bowels—there's no need of having a sallow complexion—dark rings under your eyes—pimples—a bilious look in your face—dull eyes with no sparkle. Your doctor will tell you ninety per cent of all sickness comes from inactive bowels and liver.

Dr. Edwards, a well-known physician in Ohio, perfected a vegetable compound mixed with olive oil as a substitute for calomel to act on the liver and bowels, which he gave to his patients for years.

Dr. Edwards' Olive Tablets are gentle in their action yet always effective. They bring about that natural buoyancy which all should enjoy by toning up the liver and clearing the system of impurities.

"We've Enjoyed the Evening So Much"

But what did they say on their way home? Even the most sympathetic of your friends have a way of comparing notes afterwards. The clothes you wore, the food you served, above all, the furnishings of your home — each comes in for its share of the inevitable post-party conversation.

"Beautifully furnished, but did you notice the piano?" . . . "Can't you imagine that room with a Grand Piano?" . . . "Why, Yes! That's just the thing it needs to complete it."

Are these the friendly criticisms your friends are making of your home?

No home should be without a piano—but a Grand Piano lends to a room that dignity and beauty that no other piece of furniture can achieve.

Takes Glycerine Mixture—Gas All Gone

"As soon as I ate I was in misery. I tried Adlerika, and to my surprise it ended stomach gas entirely. I eat anything I want now.—T. M. Schla-bach.

The simple mixture of buckthorn bark, glycerine, saline, etc., (known as Adlerika), has a most surprising DOUBLE ACTION. First, it acts on BOTH upper and lower bowel (most medicines act on lower bowel only) and removes foul matter that often poisoned the system for months. Second, Adlerika clears all GAS and sourness from stomach and bowels, bringing INSTANT relief from stomach trouble. And in addition, Adlerika removes metabolic poisons which cause neuritis, rheumatism, etc.

Dr. H. L. Shub, New York, writes: "Adlerika, in addition to its intestinal cleansing, checks the growth of intestinal bacteria and bacilli."

Dr. J. Weaver: "In my 50 years' practice, I have found nothing to excel Adlerika."

J. E. Puckett: "After using Adlerika, I feel better than for 20 years. Awful impurities were eliminated."

It will astonish you the great amounts of poisonous matter Adlerika brings out—matter you would never believe was in your system. In chronic constipation, gas bloating, sour stomach and sick headache, just ONE spoonful Adlerika brings wonderful relief. At leading druggists. Sold in East Liverpool by Carnahan Drug Co., and other druggists.

PLANE CARRIES FOOD, MEDICINE TO SNOW-BOUND

Marooned Michigan Villagers Ill, Face Hunger.

BLIZZARD RAGES

Dog Team on Way; Snowmobile is Lost.

SELFRIDGE FIELD, Mt. Clemens, Mich., March 15.—A government transport plane hopped off today from Selfridge Field for the snow bound upper peninsula to deliver food and medicine to the marooned villages of Detroit and Rahr, where two persons are critically ill and hundreds are facing the threat of hunger.

The hopes of the villagers are pinned on the flyers. A snowmobile, carrying 1,000 pounds of supplies, was lost today in a severe blizzard somewhere on the 60 mile stretch south of Sault Ste Marie.

A dog team, delayed over night at Keldon, 20 miles from Sault Ste Marie, was pushing slowly southward again, but it was expected that the plane would arrive at Detroit first.

The plane was piloted by Lieut. Joseph Soper, who has had considerable flying experience in the upper peninsula during the winter. He carried with him Oscar G. Olander, commissioner of public safety, as official representative of Gov. Fred Green.

Equip Plane With Skis.
In addition the ship carried a crew consisting of Lieut. Keith Roscoe, Sergeant William H. Ross, Sergeant Donald Shannon and Private Axel Helback.

The plane, which has a flight capacity of one ton, was brought from Chautauque, Ill., at 5:45 p. m. yesterday. The first stop will be made at Oscoda where the ship will be equipped with skis for landing at Cheboygan and later at Detroit.

A landing field on the ice has been cleared away by the citizens of Detroit and an attempt will be made to land there. If this is found impossible, supplies will be dropped from the air.

FORDS LOSE FIRST ROUND

Court Refuses to Dismiss Suit Filed by Lelands.

PONTIAC, Mich., March 15.—Judge F. L. Covert, in circuit court, today denied the motion of attorneys for Henry and Edsel Ford asking dismissal of the \$6,000,000 "breach of faith" suit filed by Henry M. and Wilfred C. Leland and other stockholders of the old Lincoln Motor Car company.

The Lelands claim the Fords failed to keep an alleged promise to reimburse the stockholders of the old Lincoln company which was bought by the Fords at a receiver's sale.

Questions of fact are involved, the judge held, which must be "thrashed out" in court before there can be an equitable decision. "Arbitrary dismissal," the ruling adds, "would not be in the interests of justice."

Ford attorneys, in seeking dismissal of the suit, alleged that the Lelands were guilty of conspiracy in restraint of trade if their contentions were true.

PLAN REMARKABLE AIR HOOK-UP FOR MAJOR PARTY CONVENTIONS

WASHINGTON, March 15.—The greatest "air audience" that ever listened to the broadcasting of a public event will hear the details of the nominating of the next president of the United States.

Plans were in development today for a remarkable hook-up that will connect the auditoriums of the Republican national convention at Kansas City and the Democratic gathering in Houston with all the big broadcasting stations.

The dramatic and stromy process of selecting the candidates will be carried to stations in every state—there are few areas so remote that its people cannot have a ring-side seat in the conventions, provided they can get to a radio-speaker.

In addition to arrangements being perfected by the chain broadcasting companies, it was anticipated that several of the larger independent stations will have microphones in the convention halls, to give their audiences special interpretation of the political spectacles.

Dr. Hawkins Preaches At Pre-Easter Meet

Dr. J. H. Lawther Will Occupy First Baptist Church Pulpit Tonight.

Dr. Warren O. Hawkins, pastor of the First Methodist Episcopal church, occupied the pulpit of the First Baptist church last night in the third service of the pre-Easter evangelistic campaign being conducted under the auspices of five downtown churches. A large crowd attended the service.

Dr. Hawkins spoke on the text: "The kingdom is like a treasure hid in a field which when a man found he hid all he had and bought that field."

The song service which preceded the preaching was conducted by Harry Chilton of the First Baptist church. A vocal duet was rendered by Rev. C. B. Conn, pastor of the Orchard Grove Avenue Methodist Episcopal church, and his wife. Prayers were offered from the audience.

Dr. J. H. Lawther, pastor of the First Presbyterian church, will preach tonight. Special music will be rendered by Oliver F. Johnson and O. C. Delaney of the Presbyterian church.

Live Old Religion.
"We do not need a new religion but a better living of the old, the religion of Christ revealed in the soul. Religion is God, incarnate in man. It is a living Christ in the soul of a man, transforming him and through him transforming others."

"This Bible which is the revealed will of God to man has been carried for centuries in every phase of difficulties and has conquered. It has been the inspiration of the soul of suffering man in zero hours—on the battlefield and at the time of the death of the aged.

"The church of today needs to adapt itself to this religion and not seek a new way. Methods may change but the true religion ever is the same. It is God in man's soul. Religion is in itself attractive. We are not called to get the clown in the pulpit. People come to church to breathe the atmosphere of heaven. It was Jesus who cried out: 'If I am lifted up I will draw all men unto me.'"

REPORTS FROM STOCK MARKETS

NEW YORK, March 15.—Speculative interest at the beginning of trading today centered around a few of the pool specialties which have been stirred up so violently since the turn of the week. Radio was again under selling pressure and dipped a few points, but American Linseed moved sharply against the badly-trapped short interest, and new advances of from 2 to 7 points were scored by Wright Aeronautical, Vanadium, Texas Gulf Sulphur, Liquid Carbonic, International Nickel, Freeport Texas, and other specialties supposedly harboring a large short interest.

Heavy settlements at the banks were expected to be completed without the necessity of calling in funds from the call loan market. Wall Street heard that another 150,000 share block of stock had been taken out of the market which, combined with the fact that Chicago is to operate its own call loan market, offered a reasonable basis for only a moderate increase in brokers' loans here if not an unexpected decrease such as reported last Thursday.

American Linseed, a Rockefeller property that has made rapid strides in the last year or two, declared a full year's dividends on the preferred stock after yesterday's close. The common stock, which opened 3 points lower at 104, soared to 112 in the first few minutes as the unfortunate bears drove in to cover their short contracts. International Match preferred jumped 6 points to 112 in this period and Vanadium Steel promptly resumed the plunging tactics which featured the stock near the close of Wednesday's market.

Navy Defers Search.
WASHINGTON, March 15.—The navy will make no attempt to start a search for the missing trans-Atlantic plane Endeavour, piloted by Capt. Walter Hinchcliffe and Elsie Mackay, until more definite information as to the probable whereabouts of the ship is obtained.

Navy department officials pointed out today that, while the navy has men and ships available for a search "within a reasonable distance" of the United States coast, and doubtless would be glad to aid in the search for the missing flyers, such an effort would be "utterly futile" without more definite information.

CHARGES MINE CAMPS 'DRESSED UP' FOR SENATE

St. Louis Reporter Reveals Pittsburgh Coal Co. Order.

BOUGHT DOCUMENT

Memorandum Given to Special Committee in Washington.

WASHINGTON, March 15.—Pittsburgh Coal company instructed its mine superintendents to "dress up" the non-union camps in preparation for the visit of the special senate coal committee which investigated the mining camps, according to a memorandum presented to the senate interstate commerce committee by Harry T. Brundidge, reporter for the St. Louis Star.

Brundidge said he paid an employee \$25 for the document, which was printed on company stationery.

It follows: "The United States senate investigating committee is now visiting the Pittsburgh district. Clean up all unsightly conditions. Keep our police in the background. Avoid all arrests. Instruct our men to keep out of trouble. If the committee desires to question any of our employees see to it that you present men you can trust and who can be depended upon to give the right kind of answers. If you are examined by the committee do not answer any questions you think might be harmful to our interests. The company will protect you. The company has mailed a spirited letter to each individual employee. If you know of any unsatisfactory condition in company camps or barracks see that it is eliminated at once."

Describes Alleged Immorality.
Brundidge described alleged immoral conditions at the Moon Run camp of the Pittsburgh Coal company corporation. He said he found "bootlegging, gambling and houses of prostitution" in camps he visited.

At Moon Run he declared he purchased "three half pints of corn liquor."

At Horning he said he saw "black men dancing with white women to the strains of a phonograph." "Gambling, he added, was flourishing.

At "Starvation Camp" near Avilla, Pa., he reported he interviewed 35 families who didn't have enough money to buy shoes for their children. This is a union barracks.

"Some of the mothers told me that truant officers were threatening to get out warrants because the children were not going to school," said Brundidge.

Denies "Dress Up" Order.
PITTSBURGH, March 15.—C. E. Leshner, executive vice-president of the Pittsburgh Coal company, today denied all knowledge of an order to "dress up" the non-union camps prior to the visit here of the senate subcommittee investigating strike conditions in this district.

"I never saw a copy of the order and did not know such was in existence," said Leshner.

Dispatches from Washington stated that Harry T. Brundidge, reporter for the St. Louis Star, had paid an employee of the company \$25 for a copy of the general order.

W. G. Warden, chairman of the board of directors of the coal company, was inaccessible.

Huge Deficit Reported.
The subcommittee, comprising Senators Nye (R.) of North Dakota, and Norbeck (R.) of South Dakota, called a long list of the Republican party's "millionaire angels" in Chicago to learn whether they handled any of Sinclair's Liberty bonds or otherwise helped to reduce a reported deficit of \$2,863,000 in 1923. The senators also wanted to learn what became of a missing \$35,000 batch of Sinclair bonds, which Will H. Hays, former Republican national chairman, turned over to the late Fred W. Upton, once Republican national treasurer.

"The angel" list of witnesses included George M. Reynolds, banker, Julius Rosenwald, merchant prince, and George F. Getz, all multi-millionaires, thirty-six witnesses were summoned, nearly all wealthy men.

The senate committee wanted to know whether any of these Republican patrons took Sinclair bonds in return for cash contributions. It previously learned that Upton gave \$25,000 out of a \$50,000 shipment of Sinclair bonds to James A. Patten, wheat king, in return for a \$25,000 cash gift to the Republican party. The other \$25,000 was never traced.

Want to Know Who Paid.
"Our experts have figured out that the Republican deficit amounted \$2,863,000 at the close of the 1920 campaign," said Nye. "No such sum has ever been accounted for and we'll have to try to find out who paid that much money into the treasury of the Republican party, even though all the records were destroyed in 1924."

One of the reports to be investigated here is that men like Insull, Wrigley, Rosenwald, Reynolds and Getz gave huge contributions to wipe out this deficit. It has been shown already that Secretary of the Treasury Andrew W. Mellon and the late John T. Pratt, Standard Oil official of New York, each gave \$50,000 for this purpose.

BELIEVED LOST IN OCEAN HOP

Capt. W. R. Hinchcliffe.

Hinchcliffe Lost

(Continued from Page One).

that somewhere over mid-ocean they ran into ice, ice and fog and were forced down into the sea.

Fourteen persons, two of them women, the 63-year-old Princess Lowenstein-Wertheim and Mrs. Frances Grayson, have lost their lives trying to fly the Atlantic and half of these were lost in the attempt to fly from east to west against the severe head winds that prevail.

No one has flown the north Atlantic from east to west, although eleven men have spanned the ocean going in the easterly direction, in which the winds are favorable.

17 Lost in Ocean Hops.
The "death toll" on trans-Atlantic flights so far follows:

Nungesser and Gail, the famous French flyers who went down with the monoplane, White Bird. Two Canadian pilots who were lost on the Sir John Carling. Princess Lowenstein-Wertheim and two pilots who vanished in a single-engine Fokker. Philip Payne, Lloyd Bertrand and St. John Hill, who were lost on the Old Glory.

Mrs. Grayson and three men who went down on the Dawn.

One other woman—Miss Mildred Doran—meat death in a trans-oceanic flight. She and two men lost their lives in an attempted flight from the Pacific coast to Hawaii.

Captain Hinchcliffe could hardly have carried more than 500 gallons of fuel, which would have lasted him approximately 45 hours. It was estimated that his Wright motor would use up 12 gallons an hour, his supply, therefore, would have been consumed late last night.

Slender Ray of Hope.
Only a slender ray of hope remained for those who are watching with tragic foreboding. That is that Hinchcliffe and Miss Mackay managed to reach land far off their course and came down somewhere in the wilderness of Newfoundland or the bleak interior of Labrador. This hope, however, was very dim, and becoming dimmer as the hours passed.

Newfoundland was cold and snow-covered today and last night, with no storms prevailing. During the night the aurora borealis sent its luminous rays over the ocean, lighting the way for the lone travelers of the skies if they were anywhere near that vicinity. Lighthouses and wireless stations maintained a sharp lookout throughout the night but saw no signs of the missing monoplane.

At Mitchell and Curtiss Fields, New York, nearly 7,000 persons congregated in the belief that Miss Mackay and Capt. Hinchcliffe would come swooping down from the sky in true Lindbergh style, albeit a little late, but their vigil was in vain.

The hours passed and slowly the crowd dispersed, convinced that another tragic page had been written into the annals of aviation.

Plan to Institute Search.
Noon passed without any definite word coming of the missing flyers. Only the most optimistic held any hopes for their safety.

Preparations were made at Mitchell field to institute a search for Miss Mackay and Capt. Hinchcliffe. Officers of the first and fifth observation squadrons (each squadron has seven Curtiss observation and one Loening amphibian planes) were ordered to stand by for possible orders. The ninth group headquarters, with two Curtiss observation planes, also held itself in readiness.

The observation and amphibian planes have a radius of only 500 miles. If ordered out to search the wastes of Newfoundland or Nova Scotia they would have to stop at Old Orchard, Maine, to be refueled.

Sight Plane in New Brunswick.
MONTREAL, Que., March 15.—Engineer Stanley of the Canadian National railway, reported to Supt. McKee at St. John, New Brunswick, today he sighted a plane near Annapolis, New Brunswick, at 1:30 a. m. today, said a dispatch received here from St. John.

The plane was flying very low as though seeking a landing place. The engineer could not see the markings, he said, but he believed it answered the description of Hinchcliffe's monoplane. An investigation is being made.

Annapolis does not show upon the McNally map of New Brunswick, but there is a town named Annapolis on the Canadian National railway 55 miles northeast of St. John.

As the Hinchcliffe plane hopped off in England at 8:40 a. m. Tuesday English time, or 3:40 a. m. eastern Standard time, aviation experts were doubtful whether Hinchcliffe's gasoline supply would enable him to keep aloft until 1:30 this morning.

Closed Last November.
The First National bank of New Cumberland was closed November 21, 1927, and while the shortage in the accounts has not been made public, it is presumed to be heavy, in view of the fact that the assessment against the shareholders is for the entire liability.

John A. Brandon, James E. Brandon and James E. Brandon Jr., officials of the bank, are under bond for action of the May grand jury in United States district court here, warrants for their arrest having been sworn out by H. A. Graham, the receiver.

Reports from New Cumberland are to the effect that the March grand jury in Hancock county circuit court which was recessed last Monday until the first of next week will be asked to investigate the conditions leading to the collapse of the bank.

A number of defendants are included by virtue of certain claims involved in the irregular accounts found in the bank.

MIDLAND'S 1928 TAX RATE IS 15 MILLS

SOLONS VOTE NO INCREASE IN CITY LEVY

Budget Calls for \$175,000 Expenditure for Year.

PROGRAM O. K'd.

Fairview Road Job and Incinerator are Proposed.

MIDLAND, Pa., March 15.—Despite two major municipal improvements slated for this year involving expenditure of approximately \$55,000, Midland borough tax rate will remain at 15 mills, same millage assessed in 1927. Ordinance fixing the tax rate was adopted by solons last night.

Budget submitted by O. L. Pringle of the council finance committee, estimating total expenditures for the year at approximately \$175,000, was approved.

Two large items in civic improvement are the Fairview road project, which will cost \$25,000, and the incinerator plant which involves an expenditure of \$28,000 to \$30,000.

Council suspended rules to pass on first, second and third readings ordinance for extension of Wood lane and grading, draining and other improvements of the Fairview road.

Solons have been committed to the project for some time under an agreement with Beaver county and township authorities. State highway department will assist in completing the road outside of borough limits to Fairview.

Advertisement for bids was authorized.

Solons authorized the purchase of a five-acre tract west of the borough limits on the north side of the Midland-East Liverpool highway as a site

for the incinerator at a cost of \$1,800. Resolution providing for the transaction makes the purchase contingent upon consent of county courts and title examination by Solicitor Richard S. Holt of Beaver.

Solicitor Holt was instructed to proceed to the "extent of the law" to collect funds alleged due the borough from M. C. Donohoe, tax collector from 1913 to 1921, and W. R. Jacobs, who filled the same post from 1922 until 1925.

Maintenance of Lincoln park during the summer and its proposed improvement were referred to the land and buildings committee.

Police Chief William M. Fox and City Engineer Steebner were given jurisdiction over signs and advertisements suspended over sidewalks.

Bond of R. Alan Strayer as borough treasurer was approved.

Council instructed the engineer to designate points for erection of speed limit signs in Midland avenue and around school zones.

Mothers:

Don't have those worries that almost any baby's mother can easily avoid having! Castoria, an old-fashioned but time-honored preparation soon ends those cross or fretful spells. Simple, safe, but works like magic. The helpful influence of Castoria makes itself felt throughout baby's tiny system. It helps make pale babies rosy-checked, and seems to give strength and life to frail, sickly babies. It regulates baby's little bowels—relieves colic, constipation, diarrhea—gives him good appetite and digestion. And how it relieves congestion when a baby catches cold! Never give baby paregoric or any other opiate. A few drops of Castoria are just as soothing, and no harm is done. Even castor oil can not compete with Castoria; and Castoria is vastly better for a baby's system. Castoria is purely vegetable, harmless, pleasant-tasting. You can use it as often as baby is "upset" or fretful. Only one thing to be careful about—see that you get the genuine—the bottle which bears Fletcher's name. It isn't expensive. Doctors have recommended Fletcher's Castoria for over fifty years and millions of mothers swear by it. With each bottle you get "Care and Feeding of Babies," the book any mother or prospective mother will find worth its weight in gold.

King of Denmark Is Bicycle Riding Fan; Enjoys Long Trips

Nice, France.—The King of Denmark who is taking a little holiday on the Riviera, gets out a rusty bicycle every morning and goes forth alone to inspect the countryside.

The King is a fine all-around sportsman and plays tennis very well, but says there is nothing he enjoys more than a good old-fashioned bicycle ride and he adds that he believes he is the only living king to engage in such plebeian exercise. He has already made trips to Juan-les-Pins, Valauris and most of the other towns near Cannes.

Connecticut to Build New Highway Parallel To Boston Post Road

HARTFORD, Conn.—The Old Boston Post Road from Hartford to New Haven, by way of Wethersfield, where the witches were smothered in Colonial days, and Middletown, where war vessels were built in the Revolution, is to have a rival in a road that the state highway department is planning to build between the first cities of Connecticut.

The new road is to avoid the large towns from Hartford south and keep away from the Connecticut river which has the habit of wiping out highways almost without notice. A fairly straight stretch of ninety-foot highway is projected through the villages of Griswoldville and Westfield Station, places that still have an ancient air, directly south to a point west of Middletown to connect with highways to Meriden and Durham.

ANNIE LAURIE'S TIMELY ADVICE

Dear Annie Laurie:

Do you think there are any really nice boys left in all the world?

I am a girl who would like to go out and have a good time like all other young girls and boys, but when I do go out I come home disgusted with it all. The boys and girls alike smoke, drink, and pet, and I am too old-fashioned to approve of either.

For this reason I rarely ever go out, but stay home with my mother and read books. However, there's something lacking and I long for a jolly good time and nice boy friends.

Please tell me if you know any nice boys at all, for I am curious to know if it is possible that there are

a few left, even though I can't find any of them.

LONESOME. Your letter has a note of despair which I am sure is quite unnecessary, my dear. Undoubtedly there are many nice boys left in the world and the fact that you have been disgusted by the parties of your friends proves only that you have not been associating with the right type of people. However, my dear, you will never meet desirable companions by sitting at home alone; you cannot expect people to seek you out when you avoid the contacts that are necessary to promote friendship. I would suggest that you join some club or engage in the affairs of your church. The Y. W. C. A. offers many worthwhile activities and through their auspices you are bound to meet people whose friendships might mean much to you. There is no need for you to give up any of your ideals; if

you are discriminating in your choice of friends you should have no cause to despair over their actions. You will have more luck in finding desirable companions if you go out and look for them, my dear, so stop waiting at home for people to discover you. Good luck in your quest for friends.

STUDEBAKER SALES LARGEST IN HISTORY

Both January and February set new high marks in purchases by public!

SOUTH BEND, IND., Mar. 8.—Studebaker sales continue to climb to new goals of achievement! The number of Studebaker-built automobiles delivered to owners by dealers in the United States during the month just closed, was the largest of any February in history, and 31% in excess of February, 1927.

Coming immediately after the greatest January sales in Studebaker history, this continued flood of public preference for Studebaker is particularly significant.

Motorists appreciate Studebaker's advanced engineering—an automobile you can drive 40 miles an hour the day the new car is delivered—that requires lubrication but once in 2500 miles—that holds all the highest speed and endurance records for fully equipped stock cars, regardless of power or price. The public has rightly interpreted these achievements as conclusive evidence of Studebaker's championship value due to One-Price manufacture.

By all means see and drive these new Studebaker and Erskine cars! Know the feel of championship power at the touch of your toe! Know the results of Studebaker's advanced engineering, tested on Studebaker's million-dollar proving ground. You'll realize then, if you know cars, that Studebaker stands for stability—76 years of it!

Squad to be Quartered at Fort Hayes Hotel.

Landed a rousing ovation by several hundred students and page followers, Joe Hurst's East Liverpool high school basketball players, champions of eastern Ohio, left by trolley for Steubenville this morning at 8:35 on the first leg of their journey to Columbus where they will meet eight other Class A divisional tourney winners for the scholastic basketball championship of Ohio.

The squad will arrive in Columbus late this afternoon and will go to the Fort Hayes hotel where they will be quartered during the tournament.

Final practice session, of a light nature, was held last night in the local school gym, supervised by Coach Hurst.

With the exception of Forward Jimmy Wildblood, the Blue and White squad appears to be in trim for their state title battles. The slender blond marksman has been ill since the Muskegon games and appeared none too well when the squad hopped off this morning.

East Liverpool is not slated for action until tomorrow night when they meet Canton McKinley at 8:30 o'clock. The Potters trounced the McKinley quint at Canton early in the season, 30 to 22, and if they have retained their New Concord form, should repeat at Columbus, barring troubles of an unforeseen nature.

Here's tomorrow's Class A schedule:

Hamilton vs. Hillsboro, at 11:00, Friday.

Akron South vs. winner at 9:00, Friday night.

Freemont vs. Wayton Silvers, 2:30, Friday.

Columbus Central vs. Toledo Libber, 7:30, Friday.

Canton McKinley vs. East Liverpool, 8:30, Friday.

Hamilton-Hillsboro winner vs. Akron South, 9:30 Friday.

Newton Sets Pace In Derby

Redskins Are Trimmed By Powell Five, 50-31

Indians, Showing Effects of too Much Traveling, Succumb Before Dazzling Offensive of All-Star Squad.

OO much barn storming, plus opposition of a surprisingly strong nature, equals one defeated Redskins' basketball team.

The equation was carried out here last night on the high school court when Jim Thorpe and his World Famous Indians, nearing the end of a 15,000 mile season's tour, and obviously showing the effects of it, succumbed to the dazzling performance of Bill Powell's all-star aggregation by a count of 50 to 31.

Although it was the first time that the combination of Nate Lippe, Dave Shupe, Tony Paulsey, Ray Wilde, Dick Larkins and George Calhoun had played together this season, their polished team work and passing appeared like the work of a constantly schooled cage combine, surprising even the crowd, the largest that has jammed its way into the auditorium this year.

The Indians recently hit East Liverpool after a trip from the east. They jumped to Chicago for several games and then back to Youngstown Tuesday. Tonight they are billed in Toronto.

Thorpe's passers put up a pleasing article of ball, but were no match for the All-Stars, their performance tapering off, especially in the third and final periods when they slowed down considerably. The game was open, featured almost continuously by passing and shooting, and marked by a scarcity of hand to hand scrimmaging and held ball plays. And, too, the contest was much cleaner than they generally come in independent ranks. There was little occasion for anything else with the ball in the air the most of the time.

Judging from last night's game, Tony Paulsey, who led the Campbell Merchants to victory in the Tri-State district tournament, here a year ago, has not forgotten any of his cage lore. Tony hit the cords for eight field goals and a foul.

The Shupe-Lippe-Wilde, passing combination functioned as of yore. In and out the ball whizzed, wherever the locals wanted it.

The Indian defense was flat-footed in the closing minutes of the third quarter and the final period. It wasn't forming rapidly, or at least rapidly enough to head off the all-star attack. As the locals swept down the court, time after time toward the end of the game, either one man or, sometimes, two, were open for pot shots near the basket. Too much barnstorming!

Dick Larkins, ex-high athlete, played the entire game at guard for the all-stars and performed like a veteran while George Calhoun, the Wellsville star, filled a guard role in great style in the second half.

The visitors gave the Stars something of a battle in the first period but after that were constantly trailing. Indians were first to score, Apple-

gate sinking a two-pointer. Paulsey got a point on a charity throw. Wapp came through with an Indian bucket. With the Redskins leading, 4 to 1, Paulsey dropped in two in a row. Shupe banked one through the cords and Paulsey popped in another, the count being 9 to 4, East Liverpool, at the quarter.

Flanagan brought the Powell passers' lead down from the free line, but Paulsey hit the netting again. Wapp counted from scrimmage and Shupe duplicated. Wapp's field goal was the last of the half, the count standing 13 to 9.

The local passing began to function in the last two quarters and the count stood 42 to 21 after the third quarter smoke had blown away. With the game practically in the bag, the Powell gang uncorked as pretty a passing exhibition in the last period as the most exacting fan would want to see. Dave Shupe, of Warren, was the big scorer for the All-Stars with a total of 19 points. Paulsey collected 17. Nate Lippe, master floorman and tactician, caged five. Smith and Wapp led the Redskins with 12 and 10, respectively.

Jim Thorpe, the old gladiator, performed during the third quarter at a guard post for the visitors. In the opening prelim, the Wellsville School Stars defeated the local Ex-Highs, 27 to 17. Thompson and Cooper were the scoring stars. In the second prelim, the Wellsville Epworth League forfeited to the Sigma Deltas, objecting to a ruling by Referee Brice-lin.

TOLEDOANS FACE INDIANS AGAIN

NEW ORLEANS, March 15.—The Toledo "Mud Hens" are in for a tough time of it here today, according to Manager Roger Peckinpaugh of the Cleveland American league club. "Peck" gave his regulars an especially long drill in batting and fielding yesterday in preparation for today's "return engagement" with the "little world series champs." The Toledoans soundly trounced the Indians at Biloxi Tuesday.

Johnny Hodapp, Indians' third baseman, hurt his arm in the Biloxi game and Eddie Montague probably will substitute for him in today's game.

HANDBALL FIELD NARROWS DOWN

CLEVELAND, March 15.—Five cities were represented by the eight men paired to get under way at 11 a. m. here today to play the quarter-finals in the singles of the National A. A. U. handball tournament. The players are: Joe Bathey, Detroit, versus S. M. Graves, Cleveland; James L. Nelson, New York versus George A. Nelson, Baltimore, defending singles champion; Al Shaufelberger, Detroit versus Al Hobeiman, Baltimore, and "Doc" Knight, Kansas City versus Joe Griffin, Detroit.

The second round of doubles, which started yesterday will be played this afternoon. The best and most thrilling contest of the tournament so far was the battle yesterday between Bathey and Lorenzo Clawson of Salt Lake City, Utah. Bathey won 21-10, 16-21, 21-20. The last game went to 41 points before the winner was decided.

Rhodesian Rambler Has 8-hour Edge on Rivals.

PEACH SPRINGS, Arizona, March 15.—C. C. Pyle's eastbound marathoners left Peach Springs and pushed on to their twelfth control at Seligman, 38 miles distant today.

The dash, though not so long as yesterday's romp from Kingman to Peach Springs, promised to be equally as arduous as any to date as they touched a 5,400 foot altitude.

Arthur Newton, the Rhodesian rambler, is leader in the grind today by approximately eight hours. His time was 61:30.

Andrew Payne, Claremore, Okla., youth and fourth into Peach Springs, now holds second position with an elapsed time of 69:07:02.

Eddie Gardner, Seattle Negro, held sixth place with an elapsed time of 72:17:15, despite the fact that he was twentieth yesterday in 10:54:40.

FIRST BALL GAME; TROJANS WIN, 9-8

Overlooking such minor technicalities as the necessity for nine players on a side, but responding to the baseball urge that the last few sunshiny days has prompted, the Firemen and the Trojans put on a diamond clash yesterday and the Firemen nosed out a 9-8 win.

The winners lined up with Martin Smith, Greenwood, Willis Hughes and La. Wright. The Trojans had Horton, Fletcher, Weston, Stearns, Excell, Fowler and Tegenhorst.

Varsity Girls Team Victor Over Fourth Year Lassies.

MIDLAND, Pa., March 15.—In a neck and neck contest in which the losing five held the advantage during the initial half, Lincoln high faculty defeated Senior class passers by a 14-13 count yesterday.

Wuschinski and Page of Collegian fame led the faculty scorers with a trio of hoops for Wuschinski and a pair for the manual training teacher.

Low led the seniors with three buckets and Morgan, Sadler, and Samuels each caged single shots.

Phillies Are Better; Couldn't be Any Worse

Shotton Pleased With In field Combination; But Would Give His Windpipe for a Pair of First Class Pitchers.

Editors—This is the ninth of a series of articles by Davis J. Walsh, dealing with developments at training camps. Other articles of the series will follow.

By Davis J. Walsh.

WINTERHAVEN, Fla., March 15.—Just for the sake of being agreeable, the writer walked up to Burt Shotton today and remarked that "they," meaning largely nobody in particular, had declared that Bill Kelley, his new first baseman from Minneapolis and Syracuse, wouldn't hit major league pitching. Mr. Shotton is a somewhat amiable soul, too.

"How the — do you know?" he inquired very pleasantly.

However, it may be well to say that the Phillies are better, first, because they couldn't be worse, and second, because the statement is likely to be true.

The tip-off on the infield situation, a very depressing matter these many years, is that Shotton is trying to make outfielders of Russell Wrightstone, 1927 regular, and Bill Deitrick, from Portsmouth, Va., the prize exhibit of the camp.

He declared himself today as being at ease over his first string infield composed of Kelley, Lafayette, Fresno Thompson, of St. Louis, Heine Sand, of San Francisco, and Young Whitney of New Orleans.

"Kelley never showed me a batting weakness when he was hitting all those home-runs in the International league," Shotton said. "I'm doggone glad to get him. Thompson was the best young second baseman in baseball last year. Sand, at shortstop, has been coming on steadily. Whitney at third base looks like a find. He hasn't hit under 300 during the four years he has been in baseball."

Mr. Shotton didn't exactly say what was on it but he didn't have to. Everybody knows that he would give his windpipe for a couple of first class pitchers. He started out with one, namely Frank Ulrich, but the latter is just emerging from a Baltimore hospital.

The other regulars are Alex Ferguson, never as good as they thought he would be; Jimmy Rine, whom Shotton says didn't get a chance in St. Louis; Clarence Mitchell, the only left-hander in baseball with a splitter; Bob McGraw, another St. Louis favorite; and Claude Willoughby, of Buffalo, Kansas.

Corbett, Stoy Swap Punches In Youngstown

Featherweights Feature Zill's Program Tonight.

YOUNGSTOWN, March 15.—Rosey Stoy, popular Lancaster southpaw, and Al Corbett, clever Cleveland featherweight, will box in the 10-round main bout of Al Zill's mitt program tonight, at Rayen-Wood auditorium here.

Both these boys have boxed in Youngstown before. They met in the same ring several years ago and while Stoy won the decision, it was such a slight margin that Jerry Sachs, Corbett's man of business, has been after Zill to rematch the pair again. Jerry claims that Corbett will reverse the decision this time.

Ray Carroll of Youngstown and K. O. Conley, two young heavyweights, will box the semi-final, and while neither of these lads are causing Gene Tunney any loss of sleep they are action boys from bell to bell.

Young Billy Wallace of Youngstown and George Rose of Pittsburgh will come together in another four rounder. Little is known of Rose around this section, but with Billy in there it is a sure pop bet that Mr. Ross will have to be up and going to finish the heat.

Pickles Donahue and Al Christy will renew their feud in another four rounder.

Jimmy Kirkpatrick, a stable mate of Emmett Rocco, will take on Frankie Florenz of Akron in the four-round curtain raiser, and Jimmy says that he is out to duplicate the feat of Emmett by fighting his way into prominence at the Youngstown arena.

no less. They are not so good. In fact if Shotton's word on the infield is borne out, the pitching is the weakest feature of an indifferent ball club.

Hubert Pruett, Babe Ruth's ex-boy friend, still is on the paymaster's ballot, but he is off coaching college baseball. This is particularly true in view of the fact that Shotton is much enamored of Ray Bengo, a young right-hander from Waco and Huntsville, Texas. Shotton also has fair words for Lester Sweetland, a left-hander up from Spartansburg and Melbourne, Fla.

Catching Department O. K.

June Green, from Portsmouth, Va., and Greensboro, N. C., and August Walsh, from Pittsfield, Mass., have contrived to call down upon themselves some favorable notice. However, June and August probably won't last through April.

As long as Jimmy Wilson is available, the Phillies' catching will be something for some other club to worry about. John Schulte, another ex-cardinal, is ready. Harry O'Donnell, the Philadelphia semi-pro, again will bulk in his way which means that Walter Wheat will go back to Shenandoah, Penna.

Barney Friberg wins the gold handled Roman candle as utility infielder with Wrightstone and Deitrick always about for emergencies. The latter, however, is engaged right now in a triangular vendetta with Dennis Sothorn, Washington D. C., and Dick Smaulding, Philadelphia, for the "duke" in left field. Wrightstone's act is to try to take the play away from Cy Williams. Meantime, Al Nixon may be regarded as a right fielder any time a left-hand pitcher is operating for the opposition. This leaves Fred Leach, of Jerome, Idaho, in center field.

Fight Results

AT EDINBURGH, Scotland.—Alex Ireland defeated Tommy Milligan, European middleweight champion, on foul in ninth round, and won the title.

AT ROCHESTER, N. Y.—Roberto Robert, Italian heavyweight, kayoed Tiny Jim Herman, Barberton, Ohio (5).

AT STEUBENVILLE, O.—Eddie O'Dowd, (129 lbs.), Columbus, defeated Louis Darco, (120 lbs.), Cleveland, (10); Harry Crisp, (118 lbs.), Cleveland, knocked out Young Banel (115 lbs.), Pittsburgh, in second round of scheduled 8 round bout; Young Ketchel, Steubenville defeated Russ Elliott, Columbus, (6).

MUST SEE TUNNEY ABOUT NEXT BOUT

NEW YORK, March 15.—"Nothing will be done about a final elimination or selecting an opponent for Tunney until I have talked over the situation with Gene," promoter Tex Rickard declared before leaving here today for a two weeks' vacation at Miami, Fla.

"Tunney thinks Tom Heene is entitled to the June fight," continued Rickard. "Maybe Tom is, but he must first meet Johnny Risko."

Meanwhile Tommy Loughran, light heavyweight champion is clamoring for a crack at Tunney.

The possibilities of a match between Jack Dempsey and Jack Sharkey, the much eliminated heavyweights, are being considered by Rickard.

MACKS, GIANTS IN FIVE GAMES

FT. MYERS, Fla., March 15.—The Athletics' varsity squad led by Captain Eddie Collins left this morning for Augusta, Ga., where the A's and Giants will open a five-game series. Ty Cobb will join the Mackmen on their arrival at Augusta.

MUGGSY IS HIT BY BATTED BALL

AUGUSTA, Ga., March 15.—John McGraw was fully convinced today that his Giants are powerful batters. While the regulars were defeating the second team, 5 to 1, Muggsy was hit on the instep by a batted ball and injured.

Panther Hangs Up Wonderful Sport Record

Grid and Cage Teams Win; Track Prospects Bright.

PITTSBURGH, March 15.—When, in the passage of time, it becomes necessary to point the proud finger to happy years in which athletic accomplishments were of extraordinary record, the University of Pittsburgh will park the pointing digit's nail for a moment on the school year of 1927-28.

Pitt received national fame in basketball for the first time when the greatest quintet in its history began a string of victories that included the best, from east to mid-west. Pitt scored huge scores against most of its victims, among whom were such athletically elite as Michigan, Ohio State, Northwestern, Chicago, Syracuse, Army, Penn State, Wash. Jeff and other teams in this district. The Panther team reached the high spot of its schedule with a 24-22 victory over Notre Dame.

Still Undeclared.

Pitt's basketball team was expected to finish its schedule without defeat, inasmuch as the victory chances of their remaining opponents were not so well thought of by people who thought about them.

Pitt's sensational basketball record followed close upon the performance of the Panther football team which trod only to victories and was hailed as one of the best in the land. A scoreless tie with Wash. Jeff. was discounted greatly in discounting circles because it was played under miserable weather conditions.

The Pitt football record was deflated somewhat New Year's Day when Stanford defeated the Panthers. Pitt failed to assume a lachrymose attitude over this defeat, however, because it was played a month after the close of the regular season.

The Swimming Team.

The Pitt varsity swimming team splashed to water-soaked victories over Army, Notre Dame, Carnegie Tech and twice over Wooster college, Ohio. The only other aquatic meet is the second with Tech and a Pitt victory would not be against the general idea of the outcome.

The outlook for a track team of excellence is not gloomy, which is one manner of avoiding a portrayal of the cheerfulness of the track prospects. But if the runners and jumpers run and jump to a creditable record and even if they do otherwise, Pitt feels that it has had good reason to be athletically consoled over its varsities' performances during the 1927-28 school year.

PLAN TRYOUTS FOR GRAPPLERS

COLUMBUS, O., March 15.—Wrestlers of Ohio, Kentucky and Indiana who have aspirations of landing a berth on the United States' Olympic team for the games this summer will have a chance to take the first step toward that goal in the sectional tryouts which will be held at Ohio State University, April 6 and 7.

Any wrestler with the proper amateur credentials is eligible to the tryouts. George M. Trautman, assistant Ohio State athletic director, has announced that all entries will close April 2. There will be classes as follows: Bantamweight, featherweight, lightweight, welterweight, middleweight, light heavyweight and heavyweight.

HOREMANS NEW BILLIARD KING

SAN FRANCISCO, March 15.—Edward Horemans, Belgian cueist, is the new king of the 132 balking billiard game. He won the title last night from Jake Schaefer. The final score of the 1500-point championship match was Horemans 1500, Schaefer 1190. The match was played in five blocks of 300 points each.

WILL REINSTATE WELTER CHAMP

NEW YORK, March 15.—Now that Joe Dundee has made his peace with the California boxing commission, it is anticipated that the welterweight champion will be reinstated by the New York commission at its meeting here tomorrow. Dundee probably will defend his title against Ace Hudkins, the Nebraska wildcat.

A Romance of the Sea
By Frank L. Packard.

The old man's shaggy eyebrows drew together. "The Alita?" he echoed sharply. "After the Monotah pulls out," said Bob, in the same quiet tones. Robert Kingsley fiddled nervously with the wheels of his chair, jerking the chair a little from side to side. "Go on, lad!" he snapped out. "Dammit, I'm listening! What's up your sleeve?" "Just this," said Bob—and leaned earnestly toward the other. "To go aboard the Monotah now and raise a row would not only get us nowhere, but would ruin every chance we've got. They'd lay low and be on their guard, and I don't know a single one of them. I didn't see their faces. I couldn't pick them out. I don't even know how many of them there were. But if the Monotah sails without any sign from us ashore here they'll think they've nothing to worry about—that we never connected anybody on the Monotah with what's been done here. So they're safe, since there'd be no means of communicating with the ship after she sails, there being no wireless ashore—and down go their guards. She makes port every day or so, and, on account of her stop-overs, I can beat her easily with the Alita, so I'll pick her up a week from now, say, at Tahola. There's no fear of the blighters leaving the ship and landing anywhere, for they'd only maroon themselves for the next six months, with no chance of getting back to Singapore or anywhere else until the Monotah's next trip. That's all—except that, once aboard at Tahola, I'll find the men who've got those two white gods or know the reason why."

The old man, his shaggy brows still drawn together, shook his head slowly. "I don't see it," he said. "They went right to that drawer there, so they must have been outside watching us, as I said; and they must have seen you put the things in the drawer. Therefore they saw you. What's to prevent them recognizing you, no matter where you go aboard, whether here, or at Tahola, or anywhere else?"

Bob Kingsley laughed coolly. "I thought of that," he answered. "If I went aboard here, perhaps they would—and, in any case, they'd be suspicious of anybody that took passage from here. But, at that, I'm not sure they ever got a very good look at me, though there isn't the slightest doubt but that we were being watched. Most of the time our backs were to the French windows, there was only the one lamp burning, a good part of the room was in shadow, and they couldn't have been very close—on the other side of the veranda, I'd say. I've got to risk something, of course, but I don't think there's much of any risk in what I'm going to do. In the first place, I'm not going aboard here and they won't be looking for trouble from anywhere else; and, on top of that, it won't be as Bob Kingsley that I go aboard at Tahola."

Robert Kingsley stared dubiously. "That would be all right, if it could be done," he said. "But I don't see how you could get away with it. You'd have more than Hsi Yan's men to hoodwink if you tried that game, and you're too well known."

Again Bob Kingsley laughed coolly. "It won't take much in the way of disguise to do the trick so far as the natives are concerned. Who else is going to recognize me? We know there'll be no one from here on the ship. Farquhar was to have sailed—but he's sick, and his trip is off. And you said the Monotah had changed hands and had a new crowd aboard."

For an instant the old man sat silent and motionless, and then suddenly he raised both fists and brought them crashing down upon the arm-rests of his wheel-chair. "You're right, lad!" he cried eagerly. "Dammit, you're right! I'd forgotten that!" And then, fiercely: "They won't all of them be on the Monotah—not all of them that did Tom in at Kalawa. But once you clap your eyes on those two idols again, you'll have a trail to follow that will lead you to the rest of Hsi Yan's crew unless I miss my guess!"

Bob Kingsley's face was suddenly sober; the cool, nonchalant laugh was gone. "For the sake of a man I loved who's dead," he said in a low voice, "I'll follow it—if it leads to hell!"

Bob Kingsley wiped the clinging drops of sweat from his forehead, and stirred uneasily in his cramped position. Between the bulkhead and a pile of tarpaulin and canvas, and odds and ends of all sorts, where he had squeezed a space for himself it was unbearably hot and infernally uncomfortable. He had been there an hour already. He regretted that hour now in his discomfort. He had been over-cautious. An hour later would have done just as well—and still have left him with more than an ample margin of safety.

He smiled suddenly, grimly. As things had turned out, that was so; but he had not dared take any chances. It was even possible that he would be rewarded by nothing but discomfort, no matter when he had come, or how long now he stayed here even if it were for the rest of the night—but he could afford to take no risks on that score either.

The Monotah was pitching and rolling viciously. There was a heavy sea running, and the aged tub was wallowing badly, and making dirty weather of it. Perhaps that might cause his vigil tonight to be utterly fruitless; perhaps not—he could only wait and see. And as he lay there now in the blackness of what was little better than an unventilated cubby-hole that did duty as a store-room for some of the ship's heterogeneous stores, his mind began to mull over the events of the past few days.

First of all, there was Verna Lyle. She was admittedly a very pretty girl, an amazingly pretty girl, in fact; but his interest in her was based on neither the adorable way in which she carried that small head of hers, nor the grace of her slim figure, nor even the entrancing sheen of her hair that in the sunlight glinted like burnished copper. His interest in Miss Verna Lyle lay in a wholly opposite direction. There was something about her face that seemed vaguely familiar; and, worse still, and therefore the more disquieting, he was half inclined to believe from her actions and her attitude toward him, though she had said nothing to that effect and he had indeed seen but very little of her, that his incognito here aboard the Monotah was an open book to her. And yet he could not place her for the life of him, or remember when or where, if ever, he had seen her before.

There was a dock at Tahola instead of an anchorage, which was one of the main reasons why he had chosen that place as his point of embarkation, since he obviously called far less attention to himself by boarding a dock than by coming off to the ship in a boat, and he had come aboard four nights ago just as the Monotah was getting under way. There had, in one sense, been no reason for concealment. His identity from the ship's officers or the crew cabin passenger on the list as unquestionably their sympathy would have been wholly with him in his undertaking; but the matter went deeper than that. The stewards on the boat were natives, Chinese in fact, and almost to a certainty the men he was seeking to identify were also Chinese. Between these two a liaison, to the extent that the ship's gossip would naturally be exchanged in the lower-deck quarters given over to the native passengers, was bound to exist; and the mere mention of the name of Kingsley as that of a passenger who had come aboard would manifestly at once have proved fatal to his plans.

And so he had come aboard as Harvey Moore; and, to obviate the possibility of being recognized by his quarry, though he was satisfied in his own mind that he could not, under the circumstances, have been very distinctly seen that night in the living-room at Patua, he had adopted a very simple form of disguise. Ophthalmia! It was common enough under the scorching sun of the tropics! Nahu his native mate, had made a rather clever job of it during the trip from Patua on the Alita. Paint and pigment! Behind large colored sun-glasses his eyes looked very sore indeed. Why anything more elaborate? Suspecting nothing, Hsi Yan's man could have no reason for connecting one Harvey Moore a planter from the interior who had come aboard at Tahola and was on his way to Singapore for eye treatment, with Bob Kingsley of Patua, who neither wore sun-glasses nor had sore eyes, and whose whole appearance, superficially at least, was quite different from that of the man they had seen only under conditions that would make identification difficult if not impossible in any case!

Caspian Sea Caviar to Reach Pre-war Level; Pearl Industry Grows

TEHERAN.—Export of caviar and dried fish from the Caspian Sea, is expected to reach its pre-war level, following the formation of the Russo-Persian company, on which the Persian government is represented by three directors to the three Russian directors appointed by the Soviet government, in accordance with the recent fisheries agreement between the two countries. Caspian caviar is reputed to be the finest in the world, the sea being noted for its valuable fisheries that support a big population.

The pearl industry of the Persian Gulf centered at the port of Lingab between Bushire and Bandar Abbas is again assuming considerable proportions. The more prolific centre is on the opposite side of the Persian Gulf, at Bahrein, over which the Persian government attempted recently to establish proprietary rights.

Ritzy Rosey

Ritzy Rosey just couldn't refuse the invitation to be in the style show. And, of course, the pastebared waves gallivanting across the stage give just the right atmosphere to her bathing costume. We'll start at the top—with her very new beach hat. A bandeau affair with a "platter" of straw atop. Her scalloped cretonne coat and beach mules are accessories which promise to be as popular next Summer as last—the latter frequently worn in the boudoir.

French Senate Vetoes Plan to Draft Women During Time of War

PARIS.—French women will not have to fight in the next war. The Senate has just voted no to the Army Re-organization Bill which was approved by the Chamber of Deputies, providing for the requisition in time of war, of women.

One Senator emphasized the fact that if France commandeered the services of women, any army invading France could do likewise. The item was struck from the Bill.

But if they can't shoulder a gun, other opportunities are now to be seen in other fields. Posts in the Foreign Office are to be open to them in limited numbers and this is expected to lead to many diplomatic appointments.

BURSTED DAM TAKES HEAVY TOLL OF LIVES

Believed to be the last word in engineering the St. Francis Dam, 40 miles from Los Angeles, broke, letting loose a wall of water as high as a three-story house, that swept through the San Francisco Canyon, killing hundreds. Photo shows part of dam (between white lines) left standing after the break. (International Newsphoto)

JIM REED WILL INVADE SOUTH

Missouri Senator Completes Tour to West Coast.

WASHINGTON, March 15.—Having completed a speaking tour to the West Coast, Senator James A. Reed, of Missouri, now plans to extend to the South his campaign for the Democratic presidential nomination. He

will speak in North Carolina late this month and then go to Washington for two speeches.

His western trip convinced him, Reed said today, that the country is ready for a return of a Democratic administration.

"If the party acts wisely and prudently it should win at the polls in November," declared Reed. "The nation is aflame over the corruption existing among the higher officials of the Republican party."

Reed explained he was seeking not so much to foster his own cause as to expound sound principles for the party.

BABY DROWNS IN JAR OF WATER

COLUMBUS, O., March 15.—Funeral arrangements for 18-month-old Marie Alice Shaw, who was drowned in a six-gallon jar of water at her home here late yesterday, were being completed today. The child fell, head foremost, into the jar, containing a foot of water, while her mother, Mrs. James S. Shaw, was in the yard hanging up laundry.

Old Folks Can Feel Younger Now

It's The Little Daily Dose That Does It.

You can't stop the flight of time, that's sure. But what's the difference if your hair is gray and a few more wrinkles and birthdays added to your collection. The only question that matters is "How old do you feel?" and the answer to this is to be found in the condition of your "inner works."

Keep them working smoothly and your blood—pure and vigorous and you'll always feel young. The best way to do this is to adopt the Kruschen habit.

The little daily dose of Kruschen Salts acts as a mild tonic on the kidneys, liver and bowels and brings about a healthy, thorough performance that drives all impurities from the system.

This means that your blood stream is full of pure blood that is carried to every part of the body creating new vigor. Don't envy those hale, hearty, always cheery folks who are carrying youthful health into old age—be one of them. Follow the Kruschen habit religiously every morning—2 tablets of Kruschen Salts in your morning cup of coffee.
